

## WICKED TANS, LLC RELEASE FORM

By booking your appointment, you acknowledge you have read, understand and agree to the following:

- I am 18 years of age or older. If I am under the age of 18, I acknowledge I must have my parent/guardian signature to obtain services. By signing below parent/guardian is giving ongoing permission for the minor to receive services.
- Spray tanning is accomplished by application of a solution containing the active ingredient: DHA (Dihydroxyacetone). DHA is considered to be safe and has been FDA approved if you follow guidelines to protect mucous membranes. When having DHA applied by spraying or misting, the FDA recommends you protect the entire area of the eyes, lips, and any parts of the body covered by mucous membrane, as well as, having protection from inhaling or ingesting the solution. You are responsible for making the decision whether or not to wear protection. At your request, we provide disposables to protect your eyes and mucous membranes and prevent inhalation.
- The solution will wash out of most clothing. It is always best to wear dark loose-fitting cotton clothing.
- All people are different. All ingredients used in this procedure are intended for cosmetic use and generally regarded as safe. There are, however, occasions where individuals may be allergic to one or more ingredients in the spray tan solution. Please read the ingredients list if you have any known allergies.
- Be advised there is a small percentage of people whose skin may not react favorably to spray tanning. For this reason, we do NOT advise being sprayed for the first time when your appearance is critical; (wedding/special occasion). Please see my website for information on trial tanning.
- Caution – Pregnant or nursing women should consult their physician before using.
- Warning – This product does not contain a sunscreen and does not protect against sunburn. Repeated exposure of unprotected skin to U.V. Light may increase the risk of skin aging, skin cancer and other harmful effects to the skin even if you do not burn.
- I have been provided with spray tan prep and care instructions (see Tan Prep & Maintenance page on website), which I have read and understand completely.
- To my knowledge, I have no medical condition or allergy which would preclude me from having this procedure done.
- I take full responsibility for any skin or other reaction I may have, staining of clothing and/or personal belongings and release and waive any claims against Wicked Tans, LLC, an Arizona limited liability company.

MINOR:
